

inverFLOW^{PRO}

CUTTING EDGE INNOVATION, PERFORMANCE AND EFFICIENCY

Madimack's InverFLOW Pro is the pinnacle of pool pump operation & performance. Outstanding efficiency, whisper-quiet operation, intuitive technology and market-leading energy rating makes it the ultimate pool partner. Upgrade your pool system and indulge in the premium performance and sophistication of Madimack's InverFLOW Pro pool pump.

InverMAC Technology

Enhanced inverter motor for efficient performance and motor speed control

DC brushless motor

Permanent magnetic motor for long-lasting energy efficiency

Advanced Sound Suppression Technology

Quiet operation down to 36 dB(A)

4 timers for daily operation

Full control capabilities, with multi-speed and multi-timer function

Active energy monitor

Monitor and manage operation efficiency

Running capacity from 30%~100%

Full inverter technology for maximum control—30%–100% set points

Wi-Fi Capabilities

Control your pump operation remotely
