inverFLOW^{ULTRA}

Exclusively through **saltmate australia**

Our aim is to make innovation a standard expectation.

— Alex Welsh, Madimack CEO

Madimack’s range of products is designed to revolutionise the way you experience the world. With a steadfast focus on sustainability, innovation and enhanced user-features, we are proud to offer cutting-edge solutions that exceed your expectations.

At Madimack, we believe in a future where technology coexists harmoniously with the environment. That’s why sustainability is at the core of everything we do. Our products are meticulously crafted to minimise their ecological footprint.

We are thrilled you chose Madimack to partner with. Together we will shape a more sustainable future.

MAKE IT
EFFICIENT.
**MAKE IT A
MADIMACK.**

Outstanding performance under pressure.

The Madimack inverFLOW Ultra is powered by InverMAC Technology, delivering outstanding performance and efficiency. Up to 14 times more efficient than a traditional single-speed pump, this outstanding product delivers on every level. The operational benefit of this finely engineered pool pump is a high flow-to-pressure ratio, allowing for greater installation options. This pump delivers outstanding flow even in the toughest of pool conditions.

Engineered for efficiency, power, and convenience.

Full Inverter technology

Precision control of pump speed, with running capacity between 30-100%

DC brushless motor

Significant reduction in operating noise, optimised efficiency and will extend the product life-span

Optimised Energy Performance Standards

Engineered with Madimack's InverMAC Technology, delivering market-leading efficiency levels

IP rating

Optimal performance in sun, rain or snow

Auto Inverter mode

After flow-rate is set, pump can automatically adjust to maintain required running capacity

Active energy monitor

View real time energy saving

Wi-Fi control

Check and manage your energy and waterflow remotely

Ultra quiet solution for ultra tranquility.

Outstanding energy efficiency delivering long-term benefits.

	 InverFLOW Ultra 300	 Single speed pump	 Money Saved
Approximate Retail Price	\$1,998	\$700	
Energy Cost	\$297	\$1,059	Year 1
Total Cost Year 1	\$2,295	\$1,759	-\$536
Energy Cost	\$297	\$1,059	Year 2
Total Cost Year 2	\$2,592	\$2,818	+\$226
