

The Perfect Pad

A full lineup of market-leading, efficiency-focused pool equipment.

inverCHLOR

Salt & Mineral Chlorinator

- Backed by a 4-year cell replacement warranty or 10,000 hours
- Compatible with ultra-low salt or mineral levels (1200-6000 ppm)
- Smart interface & inverter tech
- Ensure precise pH control with automated dosing technology

inverFLOW^{PLUS}

Pool Pumps

- 1.0/1.5/2.0 HP
- Market-leading warranty – 5 years
- Advanced inverter technology for lower running costs
- Skimmer mode to capture debris before it drops to the pool floor
- Wi-Fi enabled + App control
- Whisper-quiet operation (36dB)

eliteCLEAR

Cartridge Filters

- 100 / 150 / 200 sqft effective filtration area
- Large one-piece cartridge element
- High flow, single element
- 2 year warranty

eliteCLEAR

Media Filters

- Engineered with a corrosion-resistant tank and UV-resistant coating.
- The filter's low resistance design minimises energy consumption.
- Designed to accommodate a variety of pool sizes and types.
- Improved water health.

Cordless Robotic Pool Cleaners

- Up to 8 hours of cordless cleaning
- 3-in-1 cleaning
- Turbo power mode
- 3.2L top-load basket

inver^{ELITE} V4

World's most-efficient. World's quietest. World-class innovation.

- Meticulously designed heat pump achieving a groundbreaking COP of 22
- InverELITE V4 delivers the fastest heat-up times to pool owners
- 3D triple-directional airflow minimises installation requirements and enhances efficiency
- Plug & Play installation simplicity for 10kW, 12kW and 14kW

Size your
pool heater

inver^{ECLIPSE} PLUS

Powerful performance. Efficient operation.

- Operation down to -10°C
- Built-in Wi-Fi and smart app provide convenience to control your pump on-the-go.
- Significantly reduced operating noise.
- InverECLIPSE is equipped with reverse cycle defrosting

inver^{ECO} PLUS

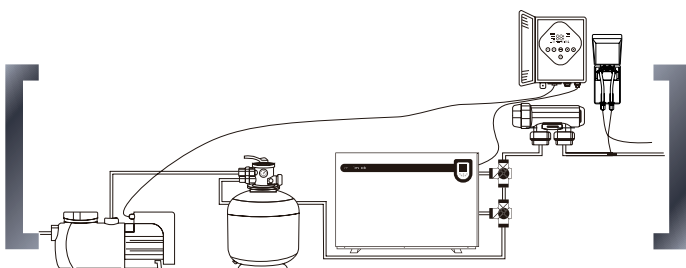

Efficient Performance & Simple Operation.

- Heat & cool
- Operation down to 0°C
- Wi-Fi module & smart app
- Front airflow system
- Twisted titanium heat exchanger

madimack

[ADVANTAGE]
